Group 2

Brainstorm a list of sustainable solutions to potential issues the companies may raise, similar to those that the Future Council suggested to Nestle and Decathlon.

Reflection

Define

What problem or challenge in our school could the Future Council address? Think about areas where students could have more input.

Emphasise

Who will the Future Council impact?

What do students, teachers or the school community need to see change in?

Ideate

What are 2-3 ideas the Future Council could do to solve this problem?

Evaluate

Which idea would be achievable and impactful?

What would be the first step to take to make it happen?
